Re No. 213/HB/40

Station Madras., Dated the 30 April 1940.

From (Name) F. Sayers, Esquire, C.I.E.

(Designation) Inspector-General of Police.

To The Secretary to the Government of Madras,

HOME Department.

Sir,

I have the honour to submit herewith for the approval of the Government a plan and an estimate amounting to Rs.320/- for providing glazed shutters to the verandah of the quarters of the Sub-Inspector of Police at Coondapur in the South Kanara District.

2. The monsoon is very heavy in the district and the proposed improvement is necessary to afford the occupants reasonable comfort. Similar improvement was approved in the case of the Sub-Inspector's quarters at Mulki - vide G.O. No. Ms. 2643, Public Works Department, dated 20th December 1937.

3.

3. The work is urgent and cannot be postponed. It will be carried out by the Public Works Department and the cost met from their lump sum grant for Police Minor Works in the Civil Works Estimate for 1940-1941.

I have the honour to be,

Sir,

Your most obedient servant,

for Inspr.-Genl. of Police.

P.W.D.

Submitted.

The criterion for taking up works for execution at present is "imperative and immediate necessity." The I.G. merely says that this work is "urgent and cannot be postponed" but has not explained how it is urgent. The residence has existed from 1926 (or 1921) without the amenity and the occupants have so long got on without it. It is not clear why they cannot do so for some more time when the quarters are occupied rent-free and so the whole of the expenditure of Rs 320/- will be unremunerative.

* Vide Col 5 on p.10 C.F.

A

In the above circumstances it is for consideration whether the work will be approved. It is stated that the monsoon is very heavy in the district. The remarks of Finance may be invited.

Finance(E.I.)

Apart from the circumstances stated at 'A' and 'B' on p.1 ante, it may be mentioned that the provision of glazed shutters to the verandah of the Sub-Inspector's quarters is urged with a view to afford the occupants reasonable comfort. It is also stated that the monsoon is very heavy in the district. It will be seen from the sketch plan at (P) that the quarters are facing north and that the verandah will not in any way be affected by the south-west monsoon. It does not appear to be really necessary to enclose the verandah with glazed shutters. Finance may therefore suggest that the proposal may be negatived.

Please see my remarks of this date on the case of the Brahmavar S.I.[^], which applies equally here.

2. I am afraid that Finance's remarks on the direction in which the quarters face are in practice hardly correct; the fact that the monsoon ~~comes from the~~ is "South-West" officially does not prevent the wind and rain from coming in from ~~the~~ any sea-ward quarter, and in this case rain will come in partly from the North and also from the West and ~~South~~ sweep along the verandah so as to make it quite uninhabitable.
